

## An Introduction to Audie Murphy's Military Personnel Files File 12: Record of Index Form

These files were obtained under the Freedom of Information Action from the U.S. National Archives and Records Administration (NARA) and are public domain.

Each file consists of original scans of each page (front and back) of Audie Murphy's military personnel records, including duplicate pages.

Letters of inquiry and related materials to Audie Murphy's military personnel records have also been included by NARA.

The original NARA PDF file, nearly 500 megabytes in size, has been split into twelve smaller files because of the overall size.

The twelve files, as received from NARA, are ...

1. Service Documents (June 1943 – August 1949)
2. Service Documents (July 1953 – June 1971)
3. Service Record Book
4. Correspondence
5. Awards, Decorations, and Recommendations
6. Efficiency Records
7. Medical Records
8. Auxiliary Material
9. Original Containers
10. Reference Correspondence (August 1972 – September 1979)
11. Reference Correspondence (February 1959 – September 2005)
12. Record of Index Form

All twelve of these files were provided by private benefactors to the Audie Murphy Research Foundation and can be downloaded at ...
