**Comments:** Thank you for this very important and very interesting site. I was in search of a particular movie "The Kid from Texas" and not only found a way to locate the movie but found your moving and informative memorial to Audie L. Murphy. My son was stationed in the 1st 15th Infantry in Kitzigen, Germany and won the Audie L. Murphy leadership award. I was very proud of him, and as I had always been an admirer of Audie Murphy in the movies was very thrilled that my son had won this honor. I would like to support the Stamp petetion however, don't know if that applies to Canadians also. Thanks again for this excellent site.

That was a very nice touching tribute you paid to Audie Murphy. I admit, I've heard of the actor but didn't know he was also a veteran ! If you want, you can come on over and submit your banner to my site for some free advertising. Along with the banner submission, you can write your site's description and tell others about Audie Murphy, etc.

I don't think he ever served or met Mr. Murphy, but he was proud of him just the same. I am now 38 yrs old and a disabled Vet with one son in the US Navy and another all ready planning to

serve our country. I have told both of my sons about what little I know about Audie Murphy. I decided to try and see if there was a web site dedicated to Lt. Murphy, and was very glad I found this one. I also hope that there will be a US Postal stamp that will Honor Lt. Murphy's accomplishments. We truly need heroes like Audie Murphy to be remembered and brought forward as role models for America. Thanks for keeping his memory alive.

**Comments:** I was just 7 or 8 years old, living in Texas when I saw the movie, "To Hell And Back" with Audie Murphy playing the lead role, about himself. I loved that movie. He became an instant hero to me. I remember how I always wanted to be just like him. I've read everything about Audie Murphy that I could get my hands on. I still watch all of his films on TV, and I never miss the movie, "To Hell And Back." In fact, I just watched it last night. 10/20/98. I have always felt that United States fabricated heroes during wars that the U.S. fought in. The United States does have some real heroes. But in my heart there is only one real American Hero, that's Audie L. Murphy. He is truly the Greatest American Hero of all heroes. Semper Fi, Frank M. Holt, Former Sergeant,USMC & Vietnam Veteran

**Comments:** The information provided is invaluable to any non-commissioned officer, but more especially to those wishing to set the standard by being inducted into the Sergeant Audie Murphy Club. I have made the Audie Murphy Story part of my Non-commissioned Officer Development Program, and sincerely hope that it will provide my soldiers with the same impact that it has provided me.
